1931

**Andrea Ericson**

The whitest of all White DAHLIAS

Will Hookway's  
DAHLIA GARDENS  
Route 1 CRESTON, O.

To our many friends it is a pleasure to present this, our 1931 list of **BETTER DAHLIAS**.

We have endeavored through visiting shows and other growers' gardens, also by trying out many new varieties in our gardens, to present to our customers a list of dahlias which will prove satisfactory and be a pleasure to grow.

The summer of 1930, owing to the severe drought was a very trying season, yet those who visited our gardens and exhibits noted the many fine blooms we had at all times.

The roots we send our customers are **FIELD GROWN** and not forced, but properly grown to insure you strong plants and good blooms, (if given proper care and cultivation.)

The green plants are properly grown, and hardened before being sent out. Full cultural directions with each order.

We wish to thank our many customers for their patronage, also for the many fine testimonials, assuring you we will do our utmost to merit your confidence and patronage. Again thanking you for past favors and assuring you all orders large and small will receive careful attention,

Yours for Better Dahlias,

*Will Hookway*
